Use Velcor hook (Crunchy)  
on banners. Loop (soft) is  
on banner holder. Also  
place grommets in corners  
and every 2-3 feet.  
and in two inches from  
the edge of banner

Please add wind cuts

Provide banners as soon  
as we arrival on site. We  
need banners before we  
set the screen up!

Stactic banners around the screen can help make a big impression! With eyes on the screen all day sponsors are willing to pay you to get their message front and center.
